Summary

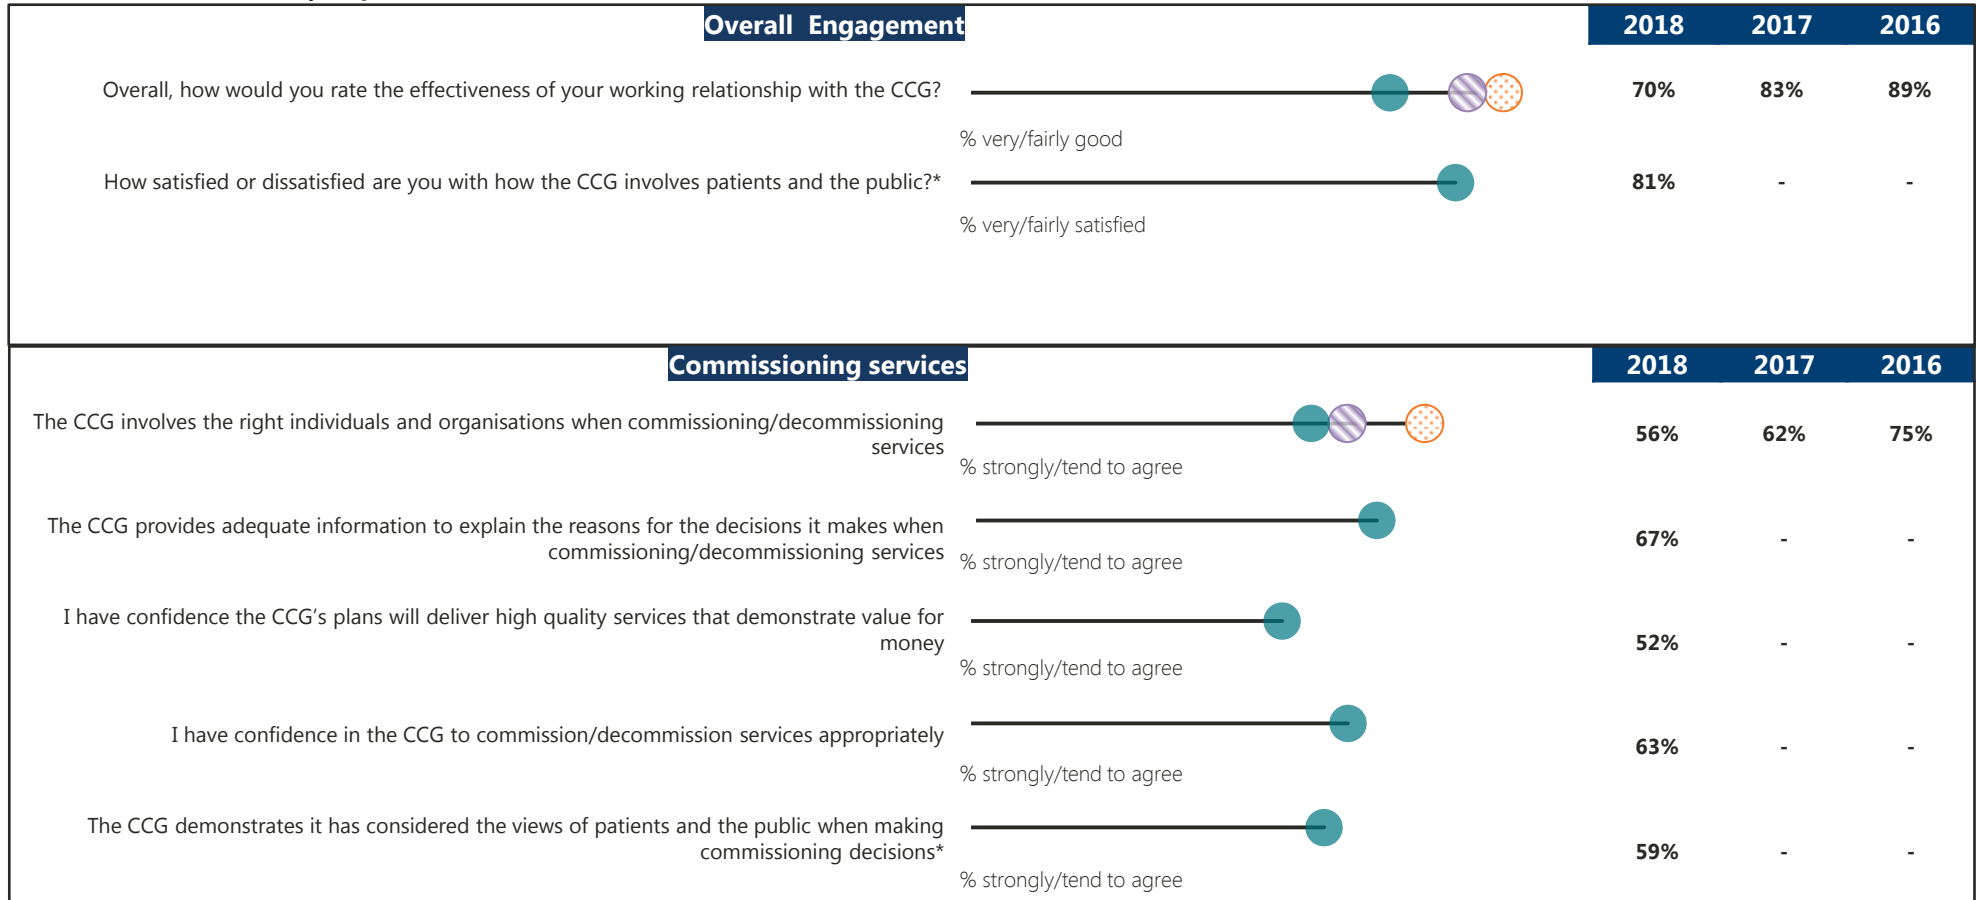

Ipsos MORI
Social Research Institute

Summary

This report presents the results from Nottingham North and East CCG's 360° Stakeholder Survey 2017-18. The annual CCG 360° Stakeholder Survey, which has been conducted online and by telephone since 2014, allows a range of key stakeholders to provide feedback on working relationships with their CCG. The results are used to support CCGs' ongoing development and feed into improvement and assessment conversations with NHS England.

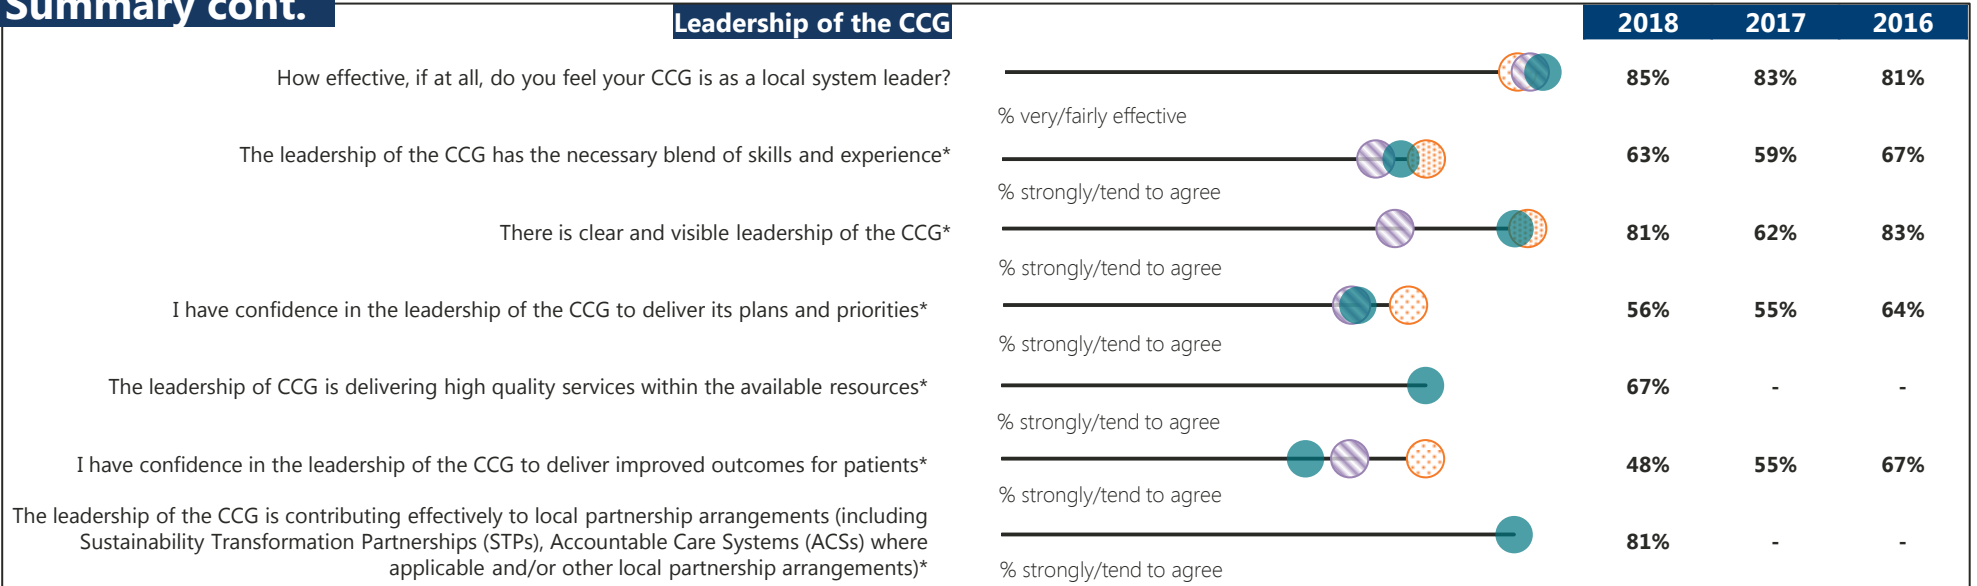

The following chart presents the summary findings across the CCG for the questions asked of all stakeholders. This provides the percentage of stakeholders responding positively to the key questions, including year-on-year comparisons where the question was also asked in 2017 and 2016.

Base = all stakeholders except CQC (2018; 27, 2017; 29, 2016; 36) unless otherwise stated

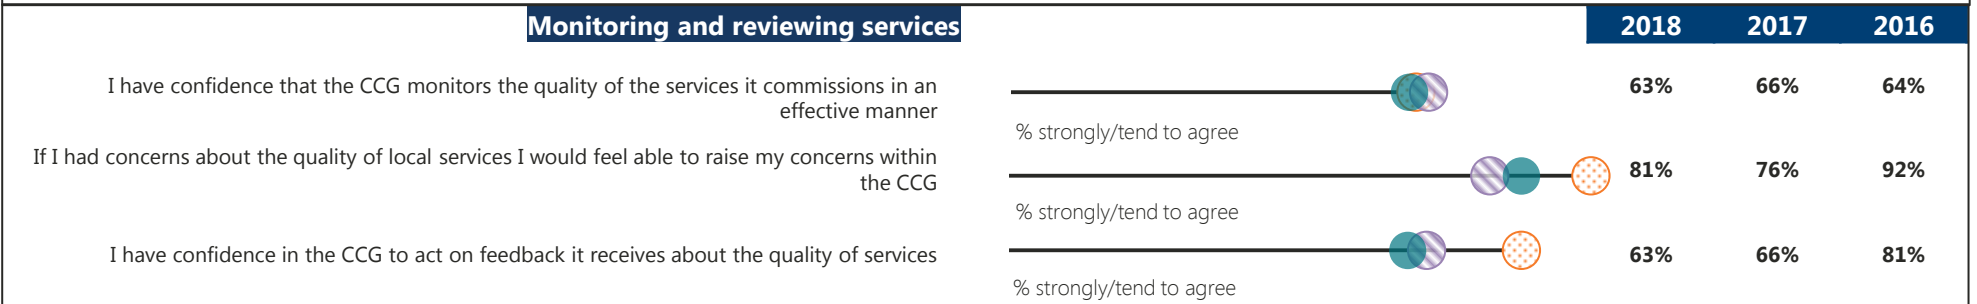

Summary cont.

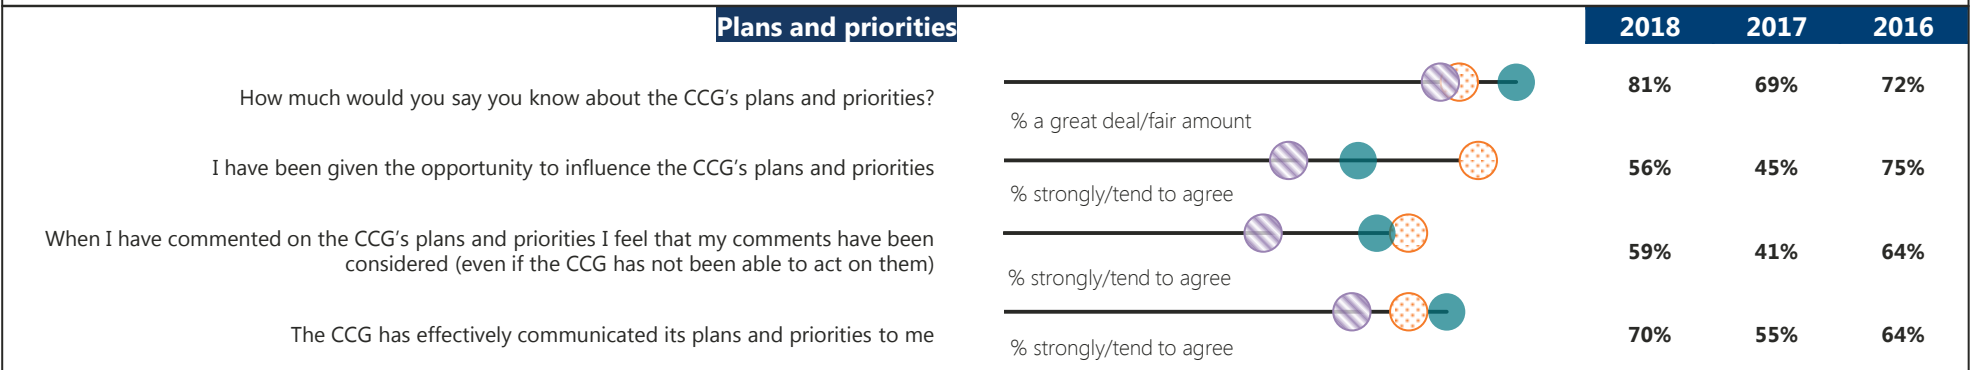

Leadership of the CCG

Monitoring and reviewing services

Plans and priorities

Introduction

Ipsos MORI
Social Research Institute

Background and objectives

Clinical Commissioning Groups (CCGs) need to have strong relationships with a range of stakeholders in order to be successful commissioners within their local health and care systems. These relationships provide CCGs with valuable intelligence to help them make the effective commissioning decisions for their local populations.

The CCG 360° Stakeholder Survey enables stakeholders to provide feedback about their CCGs. The results of the survey serve two purposes:

1. To provide a wealth of data for CCGs to help with their ongoing organisational development, supporting them to build strong and productive relationships with stakeholders. The findings can provide a valuable tool for all CCGs to evaluate their progress, and inform the way that they work and make decisions.
2. To help NHS England to assess CCGs' stakeholder relationships and leadership within their local health and care systems, and how effectively they commission services to improve service quality and health outcomes.

Methodology and technical details

- It was the responsibility of each CCG to provide the list of stakeholders to invite to take part in the CCG 360° stakeholder survey.
- At the time of fieldwork, the four Nottinghamshire CCGs (Nottingham City CCG, Nottingham North & East CCG, Nottingham West CCG and Rushcliffe CCG) were part of a shadow 'Accountable Care System' (now termed an 'Integrated Care System'), working in close partnership with one another. They identified the stakeholders they had in common, and those stakeholders were asked to respond across the group of CCGs, rather than for an individual CCG. The results in this report therefore represent a combination of the views of the stakeholders which are common across the group of CCGs in the Nottinghamshire ICS, and those which are unique to this particular CCG, i.e. their GP member practices.
- CCGs were provided with a specification of core stakeholder organisations to be included in their stakeholder list. Beyond this, however, CCGs had the flexibility to determine which individual within each organisation was the most appropriate to nominate.
- CCGs were also given the opportunity to add up to ten additional stakeholders they wanted to include locally (they are referred to in this report as 'wider stakeholders'). These included: Commissioning Support Units, Health Education England, lower tier local authorities, MPs, private providers, Public Health England, local care homes, GP out-of-hours providers and others.
- Stakeholders were sent an email inviting them to complete the survey online. Stakeholders who did not respond to the email invitation, and stakeholders for whom an email address was not provided, were telephoned by an Ipsos MORI interviewer who encouraged response and offered the opportunity to complete the survey by telephone.

Methodology and technical details

- Within the survey, stakeholders were asked a series of questions about their working relationship with the CCG. In addition, to reflect each core stakeholder group's different area of expertise and knowledge, they were presented with a short section of questions specific to the stakeholder group they represented.
- Fieldwork was conducted between 15th January and 28th February.
- 27 of the CCG's stakeholders completed the survey. The overall response rate was 61%, which varied across the stakeholder groups as shown in the table opposite.

Survey response rates for Nottingham North and East CCG

Stakeholder group	Invited to take part in survey	Completed survey	Response rate
GP member practices <i>One from every member practice*</i>	20	14	70%
Health and wellbeing boards <i>Up to two per HWB*</i>	2	0	0%
Local Healthwatch/voluntary patient groups <i>Up to three per local Healthwatch*</i>	5	4	80%
NHS providers <i>Up to two from each acute, mental health and community health providers*</i>	3	3	100%
Other CCGs <i>Up to five*</i>	5	3	60%
Upper tier or unitary local authorities <i>Up to five per LA*</i>	9	3	33%
Wider stakeholders	0	0	N/A

*Specification from the core stakeholder framework

Nottingham North and East CCG

Interpreting the results

- For each question, the response to each answer is presented as both a percentage (%) and as a number (n). The total number of stakeholders who answered each question (the base size) is also stated at the bottom of each chart and in every table. For questions with fewer than 30 stakeholders answering, we strongly recommend that you look at the number of stakeholders giving each response rather than the percentage, as the percentage can be misleading when based on so few stakeholders.
- This report presents the results from Nottingham North and East CCG's stakeholder survey. Throughout the report, 'the CCG/your CCG' refers to Nottingham North and East CCG.
- Where results do not sum to 100%, or where individual responses (e.g. tend to agree; strongly agree) do not sum to combined responses (e.g. strongly/tend to agree) this is due to rounding.

Using the results – the reports

- This report contains a **summary section**, a **section on overall views of relationships** and a **section for each of the main stakeholder groups** who were invited to complete the survey.
- The overall summary slides show the results at CCG level for the questions asked of all stakeholders (i.e. only those in section 1 of the questionnaire).
 - This provides CCGs with an 'at a glance' visual summary of the results for the key questions, including direction of travel comparisons where appropriate.
- The stakeholder specific sections of the report contain those questions which were targeted at individual groups of stakeholders only.
 - These questions were often around specific issues which were only relevant to the specific group of stakeholders.
- The remainder of the report shows the results for all questions in the survey including any local questions where CCGs included them. The results for each question are provided at CCG level with a breakdown also shown for each of the core stakeholder groups where relevant.
 - This allows CCGs to interrogate the data in more detail.

Using the results – comparisons

The comparisons are included to provide an indication of differences only and should be treated with caution due to the low numbers of respondents and differences in stakeholder lists.

- Any differences are not necessarily statistically significant differences; a higher score than the cluster average does not always equate to 'better' performance, and a higher score than in 2017 does not necessarily mean the CCG has improved.
- The comparisons offer a starting point to inform wider discussions about the CCG's ongoing organisational development and its relationships with stakeholders. For example, they may indicate areas in which stakeholders think the CCG is performing relatively less well, for the CCG to discuss internally and externally to identify what improvements can be made in this area, if any.

Combined stakeholder findings

Ipsos MORI
Social Research Institute

Overall, how would you rate the effectiveness of your working relationship with the CCG?

All stakeholders

By stakeholder group

Stakeholder group	No. of respondents	Very good/ Fairly good	Fairly poor/ Very poor
GP member practices	14	57% (8)	14% (2)
Health & wellbeing boards	0	-	-
Healthwatch and voluntary/patient groups	4	75% (3)	-
NHS providers	3	67% (2)	-
Other CCGs	3	100% (3)	-
Upper tier/unitary LA	3	100% (3)	-
Wider stakeholders	0	-	-

CCG change across time

Percentage of stakeholders saying very good/fairly good

Number of respondents: 2018 (27), 2017 (29), 2016 (36)

Regional and cluster comparisons

Percentage of stakeholders saying very good/fairly good

Number of respondents: CCG 2018 (27), National (7881), Cluster (542), DCO (545).

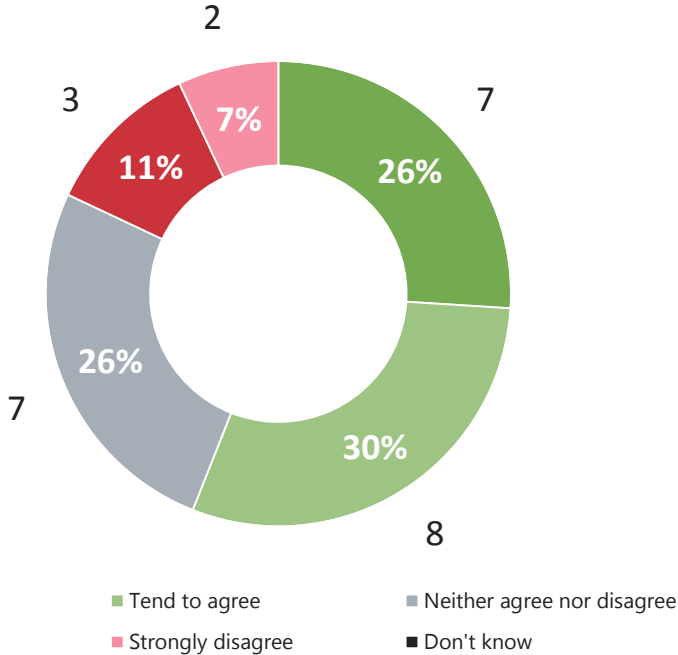

*A cluster is the group of CCGs that are most similar to the CCG based on several population characteristics.

**The DCO is the group of local CCGs that fall under the same Director of Commissioning Operations as the CCG.

To what extent do you agree or disagree with the following statements about the way in which the CCG commissions/decommissions services...?

The CCG involves the right individuals and organisations when commissioning/decommissioning services

All stakeholders

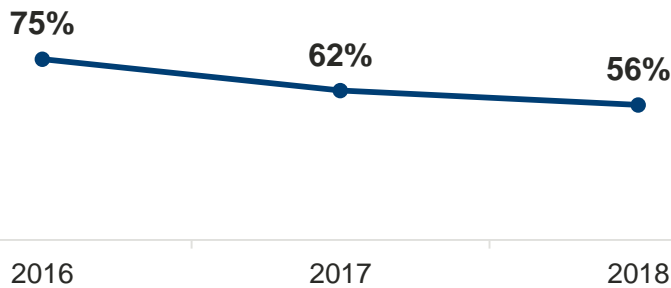

By stakeholder group

Stakeholder group	No. of respondents	Strongly/Tend to agree	Strongly/Tend to disagree
GP member practices	14	50% (7)	29% (4)
Health & wellbeing boards	0	-	-
Healthwatch and voluntary/patient groups	4	50% (2)	-
NHS providers	3	33% (1)	-
Other CCGs	3	67% (2)	33% (1)
Upper tier/unitary LA	3	100% (3)	-
Wider stakeholders	0	-	-

CCG change across time

Percentage of stakeholders saying strongly agree/tend to agree

Number of respondents: 2018 (27), 2017 (29), 2016 (36)

Regional and cluster comparisons

Percentage of stakeholders saying strongly agree/tend to agree

Number of respondents: CCG 2018 (27), National (7881), Cluster (542), DCO (545).

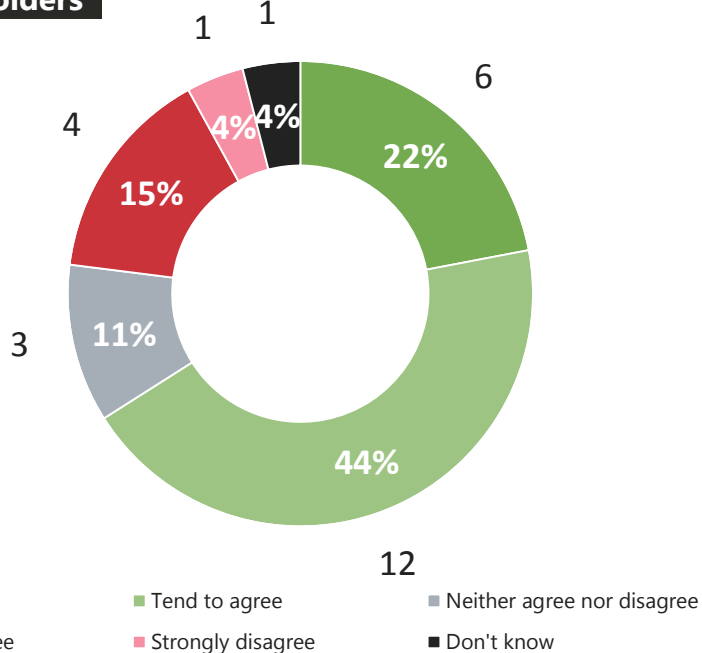

*A cluster is the group of CCGs that are most similar to the CCG based on several population characteristics.

**The DCO is the group of local CCGs that fall under the same Director of Commissioning Operations as the CCG.

To what extent do you agree or disagree with the following statements about the way in which the CCG commissions/decommissions services...?

The CCG provides adequate information to explain the reasons for the decisions it makes when commissioning/decommissioning services

All stakeholders

By stakeholder group

Stakeholder group	No. of respondents	Strongly/Tend to agree	Strongly/Tend to disagree
GP member practices	14	79% (11)	21% (3)
Health & wellbeing boards	0	-	-
Healthwatch and voluntary/patient groups	4	50% (2)	-
NHS providers	3	33% (1)	33% (1)
Other CCGs	3	33% (1)	33% (1)
Upper tier/unitary LA	3	100% (3)	-
Wider stakeholders	0	-	-

CCG change across time

Percentage of stakeholders saying strongly agree/tend to agree

There is no trend data available for this question, as it was asked for the first time in 2018.

Regional and cluster comparisons

Percentage of stakeholders saying strongly agree/tend to agree

Number of respondents: CCG 2018 (27), National (7881), Cluster (542), DCO (545).

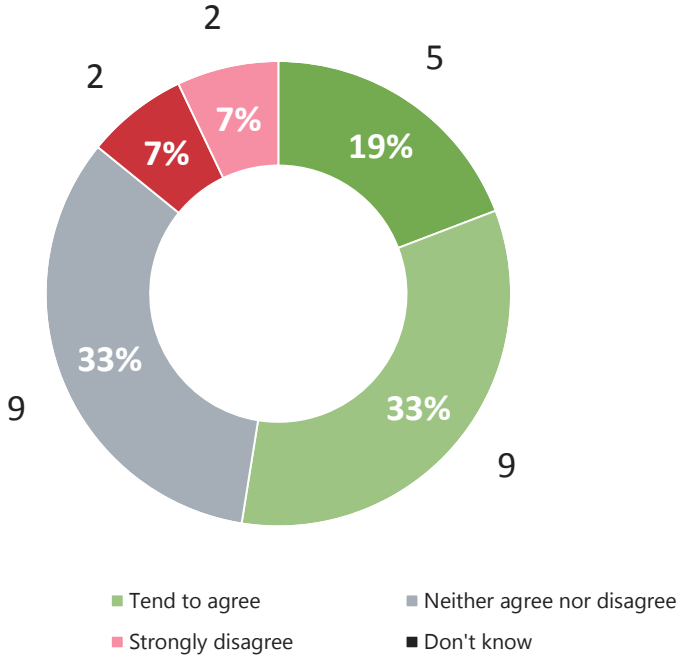

*A cluster is the group of CCGs that are most similar to the CCG based on several population characteristics.

**The DCO is the group of local CCGs that fall under the same Director of Commissioning Operations as the CCG.

To what extent do you agree or disagree with the following statements about the way in which the CCG commissions/decommissions services...?

I have confidence the CCG's plans will deliver high quality services that demonstrate value for money

All stakeholders

By stakeholder group

Stakeholder group	No. of respondents	Strongly/Tend to agree	Strongly/Tend to disagree

CCG change across time

Percentage of stakeholders saying strongly agree/tend to agree

Number of respondents: 2018 (27), 2017 (29), 2016 (36)

Regional and cluster comparisons

Percentage of stakeholders saying strongly agree/tend to agree

Number of respondents: CCG 2018 (27), National (7881), Cluster (542), DCO (545).

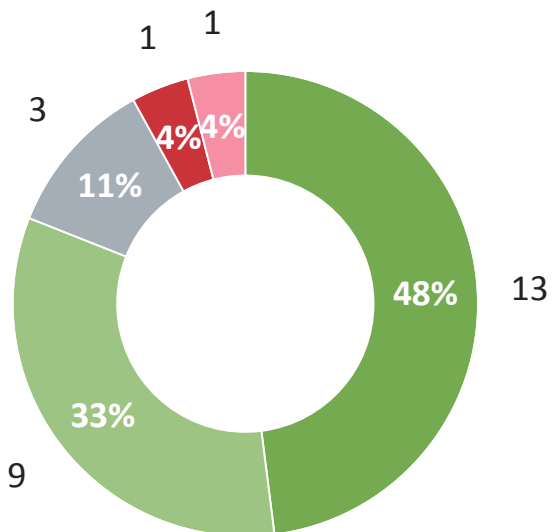

*A cluster is the group of CCGs that are most similar to the CCG based on several population characteristics.

**The DCO is the group of local CCGs that fall under the same Director of Commissioning Operations as the CCG.

How effective, if at all, do you feel the CCG is as a local system leader?

By 'local system leader' we mean that the CCG works proactively and constructively with the other partners in its local health and care economy, prioritising tasks-in-common over formal organisational boundaries, for example as part of an STP/ACS/other local partnership.

Regional and cluster comparisons

Percentage of stakeholders saying very/fairly effective

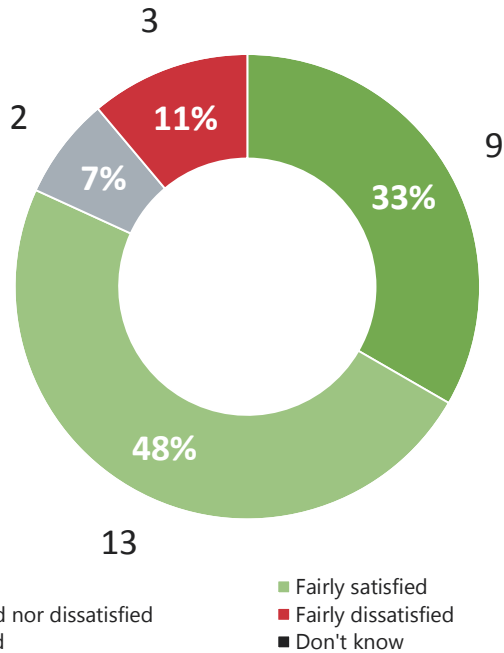

Number of respondents: CCG 2018 (27), National (7881), Cluster (542), DCO (545).

*A cluster is the group of CCGs that are most similar to the CCG based on several population characteristics.

**The DCO is the group of local CCGs that fall under the same Director of Commissioning Operations as the CCG.

How satisfied or dissatisfied are you with how the CCG involves patients and the public? This may be done in various ways, for example through public meetings, focus groups, working with Patient Participation Groups (PPGs), voluntary organisations and local Healthwatch, and through the CCG's website, newsletters, and communications in GP surgeries.

Fieldwork: 15th January - 28th February

Appendix

Ipsos MORI
Social Research Institute

CCG clusters

Each CCG is compared to a cluster of the other CCGs to which they are most similar. The clusters are based on the following variables:

- Index of Multiple Deprivation averages (overall and health domain)
- Age of population
- Ethnicity
- Population registered with practices
- Population density
- Ratio of registered population to overall population

Based on these variables, the following CCGs form the CCG cluster for Nottingham North and East CCG

Wyre Forest CCG	Chorley and South Ribble CCG
Fareham and Gosport CCG	Nottingham West CCG
North Tyneside CCG	South East Staffs and Seisdon Peninsular CCG
South Cheshire CCG	South Eastern Hampshire CCG
Cannock Chase CCG	Mansfield and Ashfield CCG
Darlington CCG	Stockport CCG
Warrington CCG	North East Lincolnshire CCG
Warwickshire North CCG	Castle Point and Rochford CCG
Erewash CCG	
Redditch and Bromsgrove CCG	

Nottingham North and East CCG
Fieldwork: 15th January - 28th February
