Introduction

This pack has been created to provide committee members with information about the CCG localities in relation to their primary care networks. The pack is divided by Integrated Care Partnership (ICP) – Mid Nottinghamshire, Nottingham City, and South Nottinghamshire; then by CCG, Primary Care Network (PCN), and neighbourhood (where applicable). There are maps of each ICP area, and maps showing PCN/neighbourhoods and practice locations, as well as details of the PCN leadership and member practices.

After the CCG/PCN/neighbourhood information there is a practice directory, presenting more detailed information on every practice in the three ICP areas, grouped by CCG.
